GUIDELINES FOR CENTRAL SECTOR SCHEME FOR AYURSWASTHYA YOJANA

1. INTRODUCTION:

India is a country with heterogeneous health status, which are, varies in state to state. With almost one-fifth of the world’s population India is going through an epidemiological transition. India is facing triple burden of diseases comprising Non-communicable diseases, communicable diseases and reproductive child health issues. The comprehensive India’s health and socio-economic health indicators are not touching the optimum level irrespective of different measures are implemented. Hence, there is a gap in public health care services. Several organizations have documented that, India needs large amount of health care structures, health care staff/ workers and medicines to improve the health care scenario. Number of diseases like diabetes, Arthritis, Cancer, vector borne diseases, viral diseases emerged from time to time. Moreover, in the year 2020, CODIV-19 pandemic pointed out the actual healthcare scenario of India where, the importance and necessity of AYUSH system of medicines and AYUSH manpower are observed.

The present Public Health Intervention (PHI) scheme is being implemented since 11th Five Year plan, i.e. from 2007-08 and still continuing successfully. Scheme is basically developed to demonstrate efficacy of AYUSH systems on different Public Health programmes and public health issues through AYUSH intervention. So that, intervention can be taken up in large scale for implementation in National Health Programmes. Since beginning Ministry has sanctioned total 67 projects in different state under this scheme for AYUSH intervention in different public health issues like Type – II Diabetes, Hypertension, various communicable diseases, vector borne diseases, Ante natal care, Musculoskeletal disorders, Anaemia, De-addiction, etc. These were taken up in National AYUSH Mission for its wider application. Moreover, this scheme is going to be implemented as per the discussion in Group of Secretaries meeting and resources persons in the Ministry of AYUSH. This scheme is not similar with any other schemes of the Ministry of AYUSH. As for example AYUSH intervention on G6PD deficiency, AYUSH intervention for substance abuse and de-addiction, AYUSH intervention for oral health care, AYUSH intervention for musculoskeletal disorders etc. are being implemented under this scheme. The experience and the generated evidences of the projects may be shared with other Ministries for future Policy development in the field of AYUSH and health care.

Further, given the growing consumer acceptance of AYUSH in the domestic and global society as an important component of pluralistic schemes of healthcare, the Govt. of India had decided to identify reputed institutions engaged in AYUSH Education / Drug Development & Research / Clinical Research etc. in Government/ Non-Government Non-
profit and to support them to upgrade *their functions and facilities* to levels of excellence under the scheme Centre of Excellence. This scheme also stated in 11th Plan period and successfully continuing till date. Till date 34 projects have been sanctioned under this scheme. Out of which 9 pharmacopoeia labs developed, 22 AYUSH research organization 22 upgraded and 2 AYUSH hospitals upgraded with the quality services, 7 AYUSH journals published. Moreover, specific centers are being developed, which are also being utilized for specialized training under CREV programme. Hence young professionals are also getting trained.

Hence keeping these points, Ministry conjointly forms a bigger scheme.

From above point of view to implement and merger these two schemes in a wider and larger way Ministry is proposing one big scheme in the name of *Ayurswasthya Yojana*

2. **MAIN COMPONENT OF AYURSWASTHYA YAJONA**
   - AYUSH and Public Health.
   - AYUSH for Sports medicine
   - Up-gradation of facilities to Centre of Excellence

3. **AYUSH AND PUBLIC HEALTH (PHI) COMPONENT:**
   3.1. **Sub component of PHI:**
      - The health interventions areas identified under SDG – 2 and SDG- 3 goals
      - AYUSH intervention on common public health issues related with communicable diseases, non-communicable diseases, MCH, Geriatric care, mental health etc.
      - AYUSH for Sports medicine.

   3.2. **OBJECTIVES OF PHI COMPONENT:**
      Roll out of authentic classical AYUSH interventions with following objectives:-
      - To promote AYUSH intervention for community health care.
      - To demonstrate advantages of AYUSH health care in public health.
      - To support for implementing Sustainable Development Goal-2 (SDG2) and Sustainable Development Goal -3 (SDG 3) through integrating AYUSH system.
      - Documentation of the efficacy of AYUSH systems through AYUSH interventions in various public health issues which can be taken up in larger scale for implementation in national health programmes.

3.3. **ELIGIBILITY**
   - The applicant organization must have credible project management expertise and core staff.
   - Applicant / organization (Other than AYUSH teaching institute registered under IMCC Act, 1970 and HCC Act 1973) should have track record of minimum 5 years of working in the field of community health. The
organization should furnish the necessary evidence for implementing such programmes in the past.

- Applicant / organization shall have to make information available regarding any assistance taken from any State/Central Agency in the last 5 years. Any institution that has obtained funding from any other Central Government Ministry/ Department for the same purpose in the last five years shall not be eligible for funding under this scheme.

- The organizations (other than the AYUSH teaching institutes recognized under IMCC Act, 1970 and HCC Act, 1973 and the Central/ State Govt. institutes) must submit their application in the Proforma given at Annexure – C, by the State Government officer of the respective State / UT concerned. Recommendations of the State / UT should clearly mention the following points:-
  - About the credibility of the organization and capability of applicant organization in Implementing such public health initiatives project,
  - Past experience,
  - Relevance and usefulness of the project.

- The State Government has to forward the proposal in the prescribed Proforma within 60 days of submission of the proposal by the applicant organization to the State. In case, no response is received from State Government, it shall be presumed that State Government has no specific comments against the applicant organization and Ministry of AYUSH will consider the proposal accordingly.

3.4. ELIGIBLE ORGANIZATIONS UNDER PHI COMPONENT:-

- Directorates of Health/AYUSH of States / UTs.
- Government Institutes dealing with public health.
- Non-profit/Voluntary organizations working in the area of public health for at least five years and having a proven track record and a capable team comprising of public health specialists.
- Government aided Institutions/ Undertaking/ Universities/ Research Councils, Autonomous Organizations and Non – Profit Non-Governmental organizations engaged in one or more of the above fields listed in the introduction to the scheme.
- Any reputed organization or stakeholders dealing with sports activities in India (only for proposals on AYUSH Sports medicine).
- Collaboration of United National and International Organizations will be encouraged.

3.5. STRUCTURE OF THE PROPOSAL ON PHI COMPONENT:-

Proposal may focus on following components:-

- Proposals may be supported under this scheme on the line of SDG – 2 and SDG- 3 goals. The health interventions areas identified under SDG – 2 and SDG- 3 goals under this scheme may be supported for a population of at least 1 Block.
- Proposal may be focused Classical authentic AYUSH intervention on management of any communicable disease of public health significance.
- **The population to be covered under PHI component will be at least 1.5 lakhs.** However, competent Authority may rationalize it in hilly & tribal areas and difficult terrains.
- **Minimum 1000 persons should be benefited by medical intervention.**
- The proposal may be focused on –
  - Management of life-style disorders or any non-communicable disease (NCD) including mental health of public health importance.
  - Maternal and child health (MCH) issues.
  - School going children and adolescent health related problems and nutritional deficiencies with public health importance.
  - Geriatric health care and rehabilitation.
  - Malnutrition with special focus on vulnerable age group (children, women with reproductive age group, geriatric population).
  - Highly prevalent/ endemic diseases/ topical diseases/ infectious diseases of a specific geographic area.
  - Mental health and de-addiction.
  - Bridging the gaps of public health care issues by AYUSH intervention.
- Proposal may be focused on other health issues emerging from time to time.
- AYUSH intervention on disaster management.

3.6. **ACTIVITIES FOR WHICH FUND CAN BE GIVEN UNDER THE PHI COMPOMNENT:-**

i. **AYUSH Intervention on Public Health:-**
   - a. Distribution of AYUSH medicines and organize free medical camps in such localities like rural, tribal population and slums in cities etc.
   - b. Assess and monitor population health status by periodical screening programme of any disease with public health significance in a geographical area and provide facilities for confirmation of cases and effective AYUSH treatment. Provide comprehensive health care including preventive, curative, promotive and rehabilitative care.
   - c. AYUSH care along with disease related diagnostic investigation.
   - d. Community sensitization by different community awareness programme and IEC (Information Education Communication) activities for common people on preventive, rehabilitative and AYUSH intervention on specific health related needs or diseases.
   - e. The Community process in AYUSH approach will be implemented and documented.

ii. **Training and Capacity building** programme of health care providers on AYUSH medicines.

iii. **Mobile clinic** for AYUSH Intervention in remote and tribal area.

iv. **Data Collection:** - Collection, collation and store of project related data/information in scientific manner based on the base line
survey/assessment/ end line survey which should be shared with Ministry of AYUSH after the completion of the project or as and when asked for.

v. **Publication of Data / information**: Outcomes of the project should be scientifically published by the organization. Organization may publish the project outcome related information as a scientific article in any UGC approved/DOAJ indexed/PKP indexed/PubMed indexed peer reviewed esteemed journal.

vi. **Programme management and health system strengthening** by generating evidence in clinical and operational point of view of current Non communicable diseases.

vii. **Multi-stakeholders involvement** and advocacy for better health care services.

3.7. **FUNDING PATTERN FOR PHI SCHEME:-**
   
i. Maximum Rs. 1.5 crores will be approved for the period of three years.

   ii. The funds will be released in three installments of 40%, 40% and 20% of the total amount sanctioned. The second and third installment will be released after receiving satisfactory achievement-cum-performance report and on expenditure of at least 75% of released amount and after acceptance of UC thereof.

3.8. **OTHER CONDITIONS ON FUNDING:-**
   
i. The grant received under the scheme should be utilized as under:-
      
      a. **Not more than 30% of the total grant should be spent on Establishment / Project Management.**
      
      b. **Not LESS than 50% of the total grant should be spent on Medicines, laboratory testing or other investigations.**
      
      c. **Remaining 20% of the total grant may be spent on AYUSH awareness, minor Equipment etc. for the project.**

   ii. Project proposal should give Head / component-wise, and year wise cost details of the project and only 10% variation would be permissible within the approved project cost. Component wise approved project cost, year wise deliverables and other conditions defined in the sanction letter must be included in the **Bond** to be obtained from Non-profit/Voluntary organizations (other than the AYUSH teaching institutes recognized under IMCC Act and HCC Act, the Central/ State Govt. institutes) before release of Grant. [The validity of Bond should not be less than 3 years.

   iii. Utilization Statements and Certificate will only be accepted if it is audited by a Chartered Accountant and based on the report of the Monitoring Committee.

   iv. The Department will not take responsibility for either the staff employed by the organization or any other liability other than the grant sanctioned for the project duration.

   v. Ministry of AYUSH shall have the right to recover the grant with 12% interest from the date of release of fund or take legal action against the organization for any default or deviation from the terms & conditions of approved project. *(Annexure-B)*
4. **AYUSH for Sports Medicine under the PHI component:-**

AYUSH Sports medicine is a unique concept where, the treatment will be provided on sports injuries and promote the health and fitness of sports persons through AYUSH intervention. Fit India Movement is a nation-wide movement in India to encourage people to remain healthy and fit by including physical activities and sports in their daily lives. It was launched by Prime Minister of India Narendra Modi at Indira Gandhi Stadium in New Delhi on 29 August 2019. Ministry of AYUSH has also taken part in this programme. All India Institute of Ayurveda, New Delhi signed a MoU with Sports Authority of India to promote sports medicine through AYUSH. However, there is no such scope for funding in the field of AYUSH for sports medicine. AYUSH medicine has very promising result on sports injury which can be explored through this scheme. Minimum 200 persons should be benefited from one project.

### ILLUSTRATIVE LIST FOR COE COMPONENTS:

<table>
<thead>
<tr>
<th>CATEGORY OF THE INSTITUTION</th>
<th>MINIMUM ELIGIBILITY CRITERIA</th>
<th>STANDARDS TO BE ATTAINED</th>
</tr>
</thead>
</table>
| AYUSH Hospitals            | Minimum 100 bedded hospital in concerned discipline, existing for the past 05 years. | (i) To obtain a level of NABH – Institute with grant should be able to achieve a level for accreditation to NABH.  
(ii) As per highest standards developed by NABH for institute already having NABH. |
| Tertiary care Allopathic Hospitals engaged in AYUSH research. | Minimum 250 bedded tertiary care hospitals having track record of 5 years in AYUSH research.  
Should have published at least 05 papers in an indexed journal having some impact factor. | Publication of atleast 01 paper in the concerned subject of AYUSH (in which the grant is availed) per year in an indexed journal having some impact factor from 2\textsuperscript{nd} year onwards of release of first installment of grant.  
At least 10% of the IPD services of the hospital should be benefitted by the COE AYUSH wing, and the number of OPD patients benefitted by the COE should increase every year. |
| Reputed AYUSH Institutions | Existing at least for last 5 yrs. | To establish at least 100 bedded Integrated AYUSH Hospital and to promote AYUSH research in collaboration with international or national institutes of International repute. From 2\textsuperscript{nd} year onwards of release of first installment of grant, grantee institutions should publish at least one paper in AYUSH research in an indexed journal having same impact factor. |
